Reviews

This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50 % of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).

This item is printed on demand - Print on Demand Neuware - Essay from the year 2015 in the subject Film Science, grade: 2:1, University of Portsmouth (University of Portsmouth), course: English and Media Studies Bsc, language: English, comment: This essay was marked by Dr Rebecca Janicker at The University of Portsmouth on the 7th February 2015., abstract: Animation holds the power to create a narrative of hidden connotations and therefore the ability to distort reality from fairy-tale. This power has led to animation becoming a key way to express ideologies that go against hegemonies. One of the revolutionary narrative discourses in targeting feminist ideologies is that which redefines traditional characteristics of femininity. In discovering the influences on media culture and its development we can be drawn to Disney, as a hugely influential and globally popular animation company, specialising in targeting children with the ability to draw adults into its deeper more sinister relations. Disney's 1998 film 'Mulan' (1999), is a westernised adaptation of the Chinese tale of Hua Mulan, a legendary figure from ancient Chinese culture about a girl who took her weak fathers place to fight in the army, as a ploy to save him from almost certain death. 12 pp. Englisch.
