

Is There a Doctor in the House?: Market Signals and Tomorrow's Supply of Doctors

By Richard M. Scheffler

Stanford University Press. Hardback. Book Condition: new. BRAND NEW, Is There a Doctor in the House?: Market Signals and Tomorrow's Supply of Doctors, Richard M. Scheffler, "Will there be a doctor - a good doctor - when I need one?" This is the bedrock health care concern for Americans, encompassing as it does additional concerns about affordability, accessibility, efficiency, and specialty expertise. Richard M. Scheffler brings an economist's insight to the question, showing how shifts in market power underlie the changes we have seen in the health workforce and how they will affect the future availability of doctors. Predicting the "right" ratio of doctors to population in the future is only a small piece of the puzzle, and one that has been the subject of much forecasting, and little agreement, over the past several decades. In this concise and readable analysis, Scheffler goes beyond the guessing game to demonstrate that today's health care system is the product of financial influences in both the policy realm and on the ground in the offices of medical centers, HMOs, insurers, and physicians throughout America. He shows how factors such as physician income, medical training costs, and new technologies affect the specialties and geographic...
