Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Excel is an incredibly powerful tool for tracking your finances. But getting started with it can be a bit daunting. In this primer, M.L. Humphrey walks users through how to use Excel to track what they earn, spend, own, and owe. The focus of the guide is on how to perform basic mathematical functions like addition, subtraction, multiplication, and division using Excel but the Tips Tricks section at the end also covers basic formatting and navigation. The primer uses calculations drawn from the Juggling Your Finances series of pamphlets for managing your personal finances and is meant to complement those books.
